

1 THE CHAIRMAN: Delegate Chabot, the purpose  
2 of this period of questioning is for clarification of  
3 the minority report, not for debate. I think your  
4 question gets into the area of debate. You have the  
5 opportunity to state that in the course of the debate.

6 DELEGATE BYRNES: May I make this point, sir?  
7 In order to cut down on the presentation, I suggested  
8 that I would not document every statement I made.

9 THE CHAIRMAN: Very well. I don't question  
10 his right to ask you a question as to documentation but  
11 I suggest only the way this last question was phrased  
12 it seemed to be a matter of debate rather than clari-  
13 fication.

14 Do you have further question, Delegate Chabot?

15 DELEGATE CHABOT: I would be satisfied to get  
16 the answer to that last question and I would sit down.

17 DELEGATE BYRNES: I can only read from the  
18 transcript of the hearing we had with Mr. Morris.

19 "DELEGATE CHABOT: So the 768,000 represented  
20 the estimate of the total cost for the entire state for  
21 the '66 elections, not the special election in '67.
